

Dear Parents/Carers,

The Early Years Foundation Stage (EYFS) is the national curriculum that shapes our practice, education and care. As part of the requirements we provide each child and family with a key worker. The purpose of a key worker is to build a mutual relationship in which we can work together to enhance your child's experiences with us. By working together and sharing information we can provide learning opportunities that develop your child's interests and help them to learn, enjoy and achieve. Each term your key worker will work with you to plan and create opportunities to develop their interests and learning. We thoroughly believe that the key worker system is a partnership, therefore we feel it is important you know about your key worker as well.

Your key worker is Amanda

I am a Level 5 qualified early year's practitioner. I have over 24 years experience working with children, primarily within the EYFS ages. I have worked for Abacus for over 10 years and enjoy all aspects of my role, especially as a key worker supporting children to learn and develop through play. I have a keen interest in ensuring children are well supported throughout early education preparing the children for the learning journey ahead as they progress into school! I am very much looking forward to being your child's key worker and to progressing them through the EYFS.

Yours sincerely
Amanda Lacey
